AnnouncementNo. 1031/M/T dd. 23rd December 2021

Re: Clarification Announcement

Dear Sirs,

Kindly note the following clarification for the price premium offer for both Gasoline 95 RON and ULSD.

All participants who wish to participate in the above tender are required to submit **ONLY ONE** premium number in US\$/MT which will be used for both the Gasoline 95 RON and the ULSD.

Should any company provides more than ONE premium number, the lowest premium number will be accounted for both products (Gasoline 95 RON and ULSD) and the highest number will be disregarded.
